

r17.4.8 Changelog

+-----+
| r17.4.8 Release - 73155 |
+-----+

Release day - 25th November 2020

Bug

- [DSOF-15262] - Rmax licence will no longer fail to install if folder does not exist
- [DSOF-15308] - Editor's will no longer request RenderStream fram from Render Nodes if the cluster has "Director" set as the Controller
- [DSOF-15376] - Multi mapping no longer renders incorrectly or not at all with perspective maps when using a notch layer
- [DSOF-15385] - d3 Labs: Exclude Mappings' in Active Regions does not function now functions as expected
- [DSOF-15421] - d3 Labs: 'Exclude Mappings' does not close Notch instance when in Multi Map
