R18.1.2 Changelog

```
+----------------------------------+
|   r18.1.2 Release -  79496     |
+----------------------------------+
```

Release day - 16th June

Bugs

- DSOF-17287 - Cameras will no longer switch out of sync when renderstream layers exist on an inactive track
- DSOF-17256 - Improved performance of XR with 4K camera outputs
- DSOF-17139 - Improved stability of machine sync and startup in large sessions
