

## r18.1.8 Changelog

+-----+  
| r18.1.8 Release - 80867 |  
+-----+

Release day - 11th August

## Bugs

- DSOF-17852 - Playback will no longer stutter when chasing LTC timecode, and audio inputs are no longer unavailable
- DSOF-17834/16998 - Section breaks on 29.97 and 59.94 projects now have parity
- DSOF-17806 - Fixed an issue where LTC was unusable on multiple transports
- DSOF-17508 - Fixed an error when the visualiser cam is not looking at DMX lights
