r19.1.8 Changelog

```
+----------------------------------+
|  r19.1.8 Release - 83616
+----------------------------------+
```

Release day - 17th November

Bugs

- DSOF-18709 - Feed no longer defaults to "None" in blank projects

- DSOF-18534 - Fixed projector "include/exclude" Dynamic blend option only giving the "exclude"

  result

- DSOF-18452 - Fixed an issue where mobile editors that joined a session would report

  themselves as offline nodes until project restart
