

r23.4.2 Changelog

+-----+
| r23.4.2 Release - 154174
+-----+

Release day 22nd February 2023

Fixes

- DSOF-23093 - Fixed an issue where frontplate mapped content did not respond to AR fades
- DSOF-23183 - Fixed an issue where attempting to edit the Stacking Warp caused "no attribute 'rect'" to be displayed
- DSOF-23395 - Fixed an issue where StageRenderModule proxy levels were incorrect during transition
- DSOF-23404 - Fixed an issue where a `m_file -> codec()` error was thrown on the Actor relating to media ingestion
- DSOF-23428 - Fixed an issue where it was impossible to open a workload with an unknown asset
- DSOF-23514 - Fixed screens being inactive in VR
