DISGUISE

r30.3.5 Changelog

```
+----------------------------------+
|   r30.3.5 Release - 209573    |
+----------------------------------+
```

Release day: February 26th 2025

Fixes

- **DSOF-21826** - Assets assigned to a bank/slot in a bank editor no longer appear in the "unused.txt" file when pressing the Prepare To Archive Unused Objects button.

- **DSOF-24396** - The remote status of Disguise servers in d3Manager's Network tab is now more responsive when machines launch or close Designer.

- **DSOF-28373** - VFC cards that fail to initialise but are present will no longer be reported as missing.

- **DSOF-28419** - d3service will no longer intermittently fail to detect all IP-VFC cards if the cards were previously configured to a different FPS than the one currently configured in the Designer project.
